

MODEL 2861-XXXX (GTR250)

SPARK ARRESTER INSTALLATION

1. Please note the picture below. To install the spark arrester, remove the three (3) screws that are located at the end of the muffler. These three (3) screws quite visible if you look at your muffler from the rear of the buggy.
2. After removing the screws, pull the old element out of the muffler.
3. insert the spark arrester and align the three (3) holes. Replace the three (3) screws and tighten securely.
